Next Biosciences is a leading biotech company that combines medicine, science and technology to create innovative products and services. We empower individuals to invest in and take personal ownership of their future health. Guided by strong values, we uphold the highest standards of ethics, integrity and professionalism in all that we do.

 ****LOCATION:** MIDRAND

 ****JOB TYPE:** FULL-TIME

 ****SALARY:** MARKET RELATED

 ****START DATE:** 01ST OCTOBER 2025

ROLE PURPOSE:

We are seeking a Medical Scientist or Medical Technologist to join our Genetics Laboratory team. This role is ideal for a meticulous and motivated professional who thrives in a dynamic, fast-paced environment and is passionate about advancing science and healthcare.

MINIMUM REQUIREMENTS:

- BSc (Hons) with HPCSA registration as a Medical Scientist in Genetics or Molecular Biology; OR
- BTech / Medical Laboratory Scientist with HPCSA registration in Cytogenetics or Molecular Biology
- Minimum 2 years' post-internship experience in a clinical/diagnostic laboratory
- Proficient in molecular techniques (nucleic acid extraction, quantification, PCR, NGS library prep & analysis)
- Strong computer literacy (Microsoft Office & online platforms)
- Exceptional attention to detail, time management and organisational skills

KEY RESPONSIBILITIES:

- Perform sample processing using next generation sequencing (NGS) and qPCR technologies
- Receive, label, process and store specimens
- Analyse and interpret results for clinical reporting
- Maintain accurate records, documentation and reporting in line with SOPs and regulatory guidelines
- Operate, maintain and troubleshoot laboratory instruments and equipment
- Ensure compliance with ISO15189, GLP, and health & safety regulations
- Support quality control processes and report non-conformities
- Provide training and supervision when required

WHY JOIN US?

At Next Biosciences, you'll be part of a passionate, future-focused team making a real difference in health and science. We believe in professionalism with heart—and we're looking for someone who embodies both.

WHAT WE OFFER

Innovative Environment: Work at the forefront of Biotechnology, where your role directly impacts people's lives.

Collaborative and Learning Culture: Join a supportive team that values your input and fosters professional growth.

Employee Value Proposition: Comprehensive employee benefits-including Retirement Fund and Medical Aid, state of the art facilities, Earned Wage Access, etc.

Employee Engagement Activities-including gifts on special occasions or milestones and paid time off on your birthday, Wellness and Social events & Training and Development.
